## PON NEXT 2031

A Community Extension Programme titled “PON NEXT 2031” was organized at M.I. Training College Puduponnani, marking a significant initiative towards community development and future-oriented social engagement.

The programme was conducted under the National Service Scheme (NSS) Unit 344 of the institution, which has been actively involved in community outreach initiatives such as awareness campaigns, skill development, and social service activities.

The event was inaugurated by Dr. Abdul Jabbar Ahamed, Chief Advisor of PON NEXT 2031. In his inaugural address, he emphasized the importance of youth participation in nation-building and highlighted the role of educational institutions in fostering socially responsible citizens

The programme witnessed the presence of Dr. Noufal P, Principal of MITC, Ameen Farook U.K., NSS Coordinator, along with NSS volunteers, faculty members, and students, who actively participated in the event.

Speaking on the occasion, the Principal appreciated the efforts of the NSS unit in organizing meaningful extension activities and encouraged students to engage in community service beyond academic learning. The NSS Coordinator also highlighted the significance of experiential learning through such programmes, aligning with the core objectives of NSS activities that extend education beyond classrooms

## Fourth Semester Exams Conclude Successfully

The fourth semester examinations at M.I. Training College (MITC), Ponnani, concluded smoothly this week, marking the completion of another academic phase for students. The examinations were conducted as per the scheduled timetable, with students appearing for various theory and practical papers across disciplines. Faculty members ensured proper coordination and supervision, maintaining a disciplined and fair examination environment throughout the period. Students expressed relief and satisfaction after completing their exams, with many describing the qu-

estion papers as balanced and aligned with the syllabus. The college administration also took necessary measures to ensure smooth conduct, including proper seating arrangements and adherence to examination guidelines.

The successful completion of the fourth semester examinations reflects the institution's commitment to maintaining academic standards and timely evaluation processes. Results are expected to be announced in the coming weeks.

## MITC Faculty Participate in National Workshop on NEP-2020 at AMU Malappuram

MITC Faculty attending the National Workshop at AMU Malappuram

Faculty members of M.I. Training College (MITC), Pudukottai, actively participated in a One-Day National Workshop on "Redefined Pedagogical Practices in Alignment with NEP-2020" held at the Department of Education, Aligarh Muslim University (AMU) Centre, Malappuram. The workshop was organized as part of the academic initiative EDUCERE-26, focusing on innovative teaching strategies, competency-based learning, and assessment reforms in line with the National Education Policy (NEP) 2020. The programme featured multiple technical sessions addressing contemporary classroom practices, perform-

ance based assessment, and technology integration in education.

Representing MITC, Dr. Ramitha Rahman (Assistant Professor), Liya V. Raj, and Maneesha Manoharan K attended the workshop and engaged in various academic sessions led by eminent resource persons from reputed institutions.

The sessions provided insights into modern pedagogical approaches, including innovative lesson planning, formative and reflective assessment strategies, and the effective use of technology in teaching-learning processes. The workshop also facilitated academic interaction

## MI Training College to Host National Conference on Transforming Teacher Education

MI Training College, Ponnani will host a two-day National Conference on "Transforming Teacher Education for Vikasit Bharat 2047" on May 14 and 15, 2026.

The programme will be organized by the IQAC in collaboration with the Council for Teacher Education Foundation (CTEF), Kerala. Eminent academicians from leading institutions are expected to deliver sessions on NEP 2020, innovative pedagogy, and curriculum transformation.

Faculty members, research scholars, and students are invited to participate and present research papers.

The conference aims to foster dialogue on strengthening teacher education in alignment with national development goals.

For more details please visit our website: [www.mitc.ac.in](http://www.mitc.ac.in)

and exchange of ideas among educators, researchers, and students.

The participation of MITC faculty in such national-level academic events reflects the institution's commitment to professional development and quality enhancement in teacher education. It also aligns with ongoing efforts to incorporate NEP-2020 principles into classroom practices and curriculum design.

The workshop concluded with a valedictory session, highlighting the importance of continuous learning and adaptation in the evolving educational landscape.

## MITC Faculty Attends Workshop on Curriculum Reform at IASE Thrissur

A one-day workshop on the theme “Curriculum Reform and Educational Integration: A Practical Approach” was organized at the Institute of Advanced Study in Education, bringing together educators and student teachers to explore emerging trends in curriculum development.

The programme focused on the evolving nature of curriculum design and its integration with modern pedagogical practices. The institution, one of the oldest teacher training centres established in 1945 and affiliated with the University of Calicut, has been playing a key role in teacher education in Kerala. Sessions highlighted the importance of aligning curriculum frameworks with global standards while addressing local educational needs.

Resource person Dr. Sajan P. elaborated on learner-centered approaches, interdisciplinary learning, and practical strategies for achievement test preparation. He also provided guidance on new test design methods and emphasized the crucial role of teachers in effectively implementing curriculum reforms in classrooms.

The workshop featured interactive sessions, group discussions, and hands-on activities, enabling participants to gain practical insights into curriculum transaction and educational integration. Participants prepared achievement tests in their respective optional subjects and presented them in groups, fostering collaborative learning.

The programme concluded with a valedictory session where participants shared their feedback and reflections. Overall, the workshop proved to be informative and skill-oriented, equipping educators with essential tools for effective teaching practices.

Representing M.I. Training College (MITC), Puduponnani, Sheheena A.M., faculty member, attended the workshop on April 23, 2026. Her participation reflects MITC’s continued commitment to professional development and quality enhancement in teacher education.

## MITC Conducts FDP on Smart Teaching and Digital Portfolio Development

PONNANI, April 28, 2026.

The Internal Quality Assurance Cell (IQAC) of M.I. Training College (MITC), Ponnani, organized a Faculty Development Programme (FDP) on “Smart Teaching and Digital Portfolio Development for Teacher Educators” at the IQAC Room on Tuesday.

The programme was led by Dr. Noufal P., Principal of MITC, who guided faculty members on integrating modern digital tools into teaching practices. The FDP aimed to enhance the professional competencies of teacher educators by focusing on innovative teaching methods, technology integration, and digital documentation of academic work.

In his session, Dr. Noufal emphasized the importance of smart teaching strategies in today’s evolving educational landscape and highlighted how digital portfolios can be used to document professional growth and showcase academic achievements. Such initiatives play a key role in strengthening teaching quality and aligning with contemporary educational standards. Faculty members actively participated in the hands-on sessions, which included practical exposure to digital tools, innovative lesson planning, and collaborative learning techniques. The programme also encouraged

educators to adopt technology-driven approaches for effective classroom engagement. MITC regularly conducts Faculty Development Programmes as part of its commitment to continuous professional development and quality enhancement in teacher education.

The FDP concluded with an interactive session and feedback from participants, reaffirming the institution’s dedication to empowering educators and promoting excellence in teaching and learning.

## MITC Health Club Marks Third Week of 'Fit Stars' Fitness Drive

**Hamna PV**

Most Consistent Star

**Thasniya RV**

Most Improved Star

**Lulu Shahana**

Positive Energy Star

MI Training College, Ponnani, has introduced a motivating initiative titled “Fit Stars of the Week” to recognize and encourage students’ commitment to health, fitness, and positive lifestyle practices.

As part of this weekly recognition programme, three students were honoured for their outstanding efforts in different categories. Hamna PV was awarded the Most Consistent Star for her regular dedication to fitness activities. Thasniya R V received the Most Improved Star title for showing remarkable progress, while Lulu Shahana was recognized as the Positive Energy Star for inspiring others with her enthusiasm and positive attitude.

The initiative aims to promote physical well-being, consistency, and motivation among students, encouraging them to adopt healthy habits alongside their academic pursuits.

The college authorities appreciated the efforts of the selected students and congratulated all participants, highlighting the importance of maintaining a balanced and healthy lifestyle.
